

London Clinical Senate

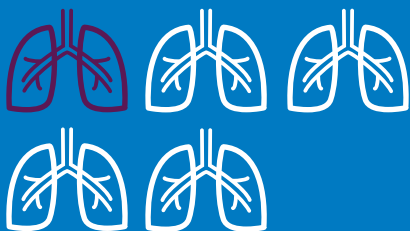

HELPING SMOKERS QUIT

Adding value to every clinical contact by treating tobacco dependence

Smoking kills **1 in 5** Londoners and costs the

NHS in London more than **£400 million**

1.2 million people in the Capital still smoke

Whether you're a GP, nurse, pharmacist, consultant or other healthcare worker,

you can make a difference and

HELP SAVE A SMOKER'S LIFE.

It takes just 20 minutes to learn and 30 seconds to deliver.

Take the Very Brief Advice training produced by the National Centre for Smoking Cessation and Training or an equivalent programme.

Let's create a movement for change and help Londoners quit.
